

Michael has been a part of the DMC family since 2005 as a junior high Social Studies teacher. During that time, he spent 6 years with the boys' basketball team as an assistant coach before moving over to the girls' team in 2011 as an assistant coach. In 2012, he begins his first year as head girl's basketball coach. Michael and his wife, Sandy, have two sons, Lincoln and Tyler and look forward to the days when they will be able to attend DMC. When he is not busy with teaching or coaching, Michael enjoys spending time with his family, watching NCAA basketball, traveling, and trying new restaurants. A highlight of each year for him, is traveling to one of the NCAA tournament locations to watch college basketball during March Madness.
