

Course Description

Bible 8

Philosophy Statement: Through the teaching and study of God's Word, we desire to equip students to know the fullness of God, to pursue and share His truth, and glorify Him in word and deed in a culture of relativism. (Ephesians 3:16-17; Romans 12:2)

Course Objective: The students will understand, write and apply a Biblical worldview in each of the following areas: Theology, Philosophy, Biology, Psychology, Ethics, Sociology, Law, Politics, Economics, and History. The student will discern the difference between the beliefs of Naturalism, Transcendentalism, and Theism in each area of worldview and be able to identify and recognize these worldviews in popular culture.
