

College Services Survey

DMC seeks to prepare students for life after high school, which for the vast majority of our students will include a college experience. The background preparation for college can be extensive and includes ACT/SAT testing, financial aid applications, enrollment/application forms, scholarship applications, letters of reference and college visits to name a few. As a college prep school, we provide support in these areas, however we recognize there is always more that can be done, particularly in a specialty area like college preparation. For example, some Christian schools have a person dedicated exclusively to the college preparation process for students and their parents. There are also private professionals who make their living coaching families through this process. In order to better understand your needs and wishes, please respond to the following questions:

1. On a scale of 1-5 (1=least important 5=most important), how important to you is increasing college preparation services at DMC?

(not important) 1 2 3 4 5 (very important)

2. Current grade levels of your students:

3. Are there specific services that you wish we were doing more of?

4. Feel free to provide any written input on this topic. Use the back if necessary.

PLEASE COMPLETE AND TURN INTO THE CONFERENCE SIGN IN TABLE. THANKS!
