

Course Description

Grade 1 Technology

Philosophy Statement: God has given man the intellect and ability to design and use complex technology for His purpose and glory. Technology is essential for effective education in an information-based society. A strong foundation in technology based on spiritual, ethical, moral, and intellectual integrity provides for effective integration in all areas. This foundation also enables students to achieve success in learning, communication, and life skills. A student's witness for Christ should be reflected through the use and application of technology.

Course Objective: Students will use computers in the classroom to reinforce reading, math, and spelling skills. Students will use teacher approved internet sites to work content skills. Students will understand and demonstrate basic computer operations. Students will be exposed to a variety of technology such as; CD's, DVD's, VHS, Cassettes.

Textbooks:

Materials:

- Teacher-created materials
- Computers
- Video player, DVD & VHS
- CD player
- Cassette player

Time Allotment:

Course Content:

Areas to be evaluated:

- Teacher observation

Additional activities:

-
