

Course Description

Grade 2 Art

Philosophy Statement: God as the Master Artist is the author of all creation. (Genesis 1:1) Because mankind bears His image, all people are endowed with creativity. Art is unique in that it challenges students to use their heart, mind, and soul to creatively express themselves. Art should be used to glorify God and demonstrate His work in their lives.

Course Objective: Students will use various media, techniques, and processes as they apply the elements of art and principles of design to art projects. The merit of student's work and the work of others is reinforced by a Biblical worldview of art history and culture.
