Course Description
Grade 3 Technology

Philosophy Statement: God has given man the intellect and ability to design and use complex technology for His purpose and glory. Technology is essential for effective education in an information-based society. A strong foundation in technology based on spiritual, ethical, moral, and intellectual integrity provides for effective integration in all areas. This foundation also enables students to achieve success in learning, communication, and life skills. A student's witness for Christ should be reflected through the use and application of technology.

Course Objective:

Textbooks: None

Materials:
- Classroom computers
- Media center computers
- Calculators

Time Allotment: ½ hour per student bi-weekly

Course Content:
- Uses calculators
- Uses computers

Areas to be evaluated:
- Opens and closes documents
- Keyboarding skills
- .Basic computer operations
- Calculator skills

Additional activities:
- Uses age appropriate search engines
- Locates information using technology
- Reads, composes, and send e-mail to selected sites with supervision
- Participates in Web-based learning activities
- Utilizes web sites such as

  www.firstinmath.com
  www.nimblefingers.com
  www.spellingcity.com
